▲ 1/2 ▼

Abstract submission for poster session

9 responses

Motivation letter to receive reimbursement of travel costs

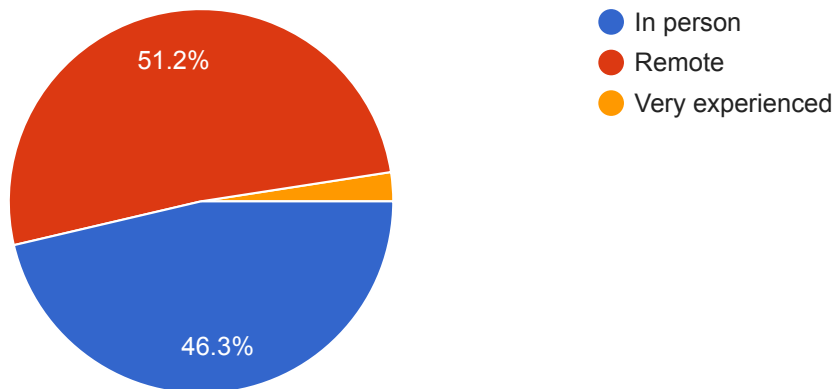

10 responses

Participation

[Copy chart](#)

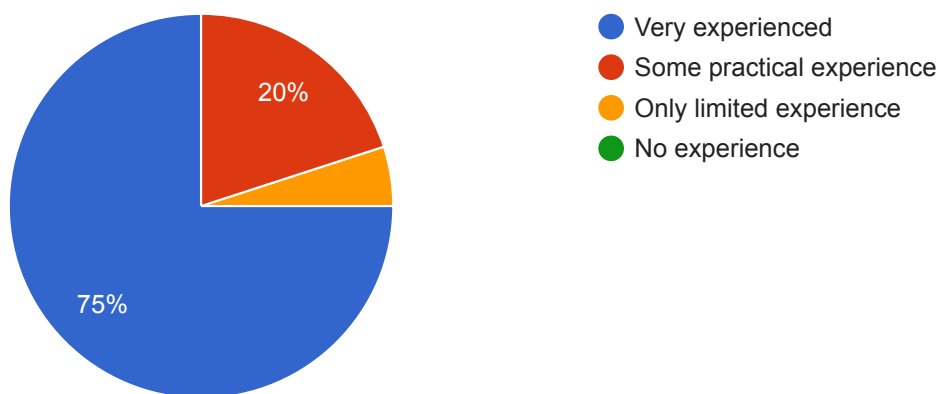

41 responses

Please describe your proficiency with Linux / Terminal / Command Line.

[Copy chart](#)

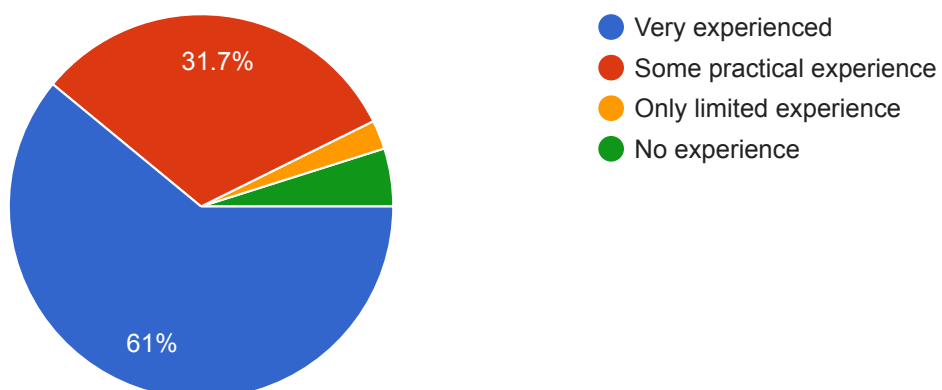

40 responses

Please describe your proficiency with Python / Jupyter notebook.

[Copy chart](#)

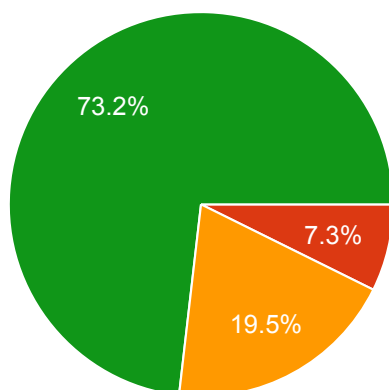

41 responses

Please describe your proficiency with Julia / Pluto.

 [Copy chart](#)

41 responses

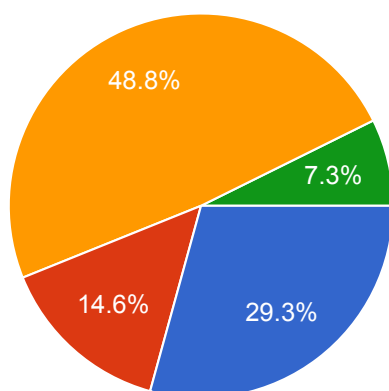

- Very experienced
- Some practical experience
- Only limited experience
- No experience

Please describe your experience with CP2K.

 [Copy chart](#)

41 responses

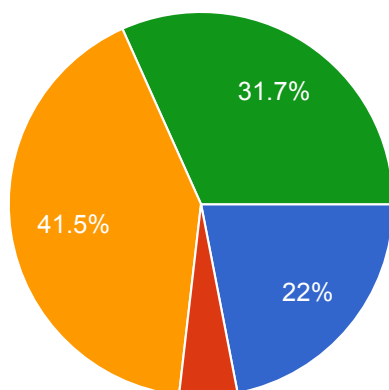

- Have used it in my research
- Have used some of its functionality
- Have only heard about it, but didn't have practical experience with it
- No experience, never heard about it before

Please describe your experience with Newton-X.

- Have used it in my research
- Have used some of its functionality
- Have only heard about it, but didn't have practical experience with it
- No experience, never heard of it before

Please describe your experience with the Trajectory Surface Hopping method.

 [Copy chart](#)

41 responses

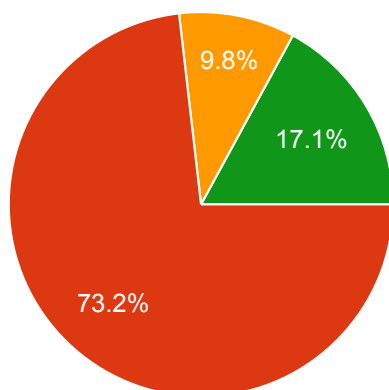

- Can code it, developed a related methodology
- Apply it in my research
- Understand the theory, but didn't apply or developed it
- Only know some theory, but not in depth, didn't apply it

Please describe your experience with TDDFT or TDDFTB methods.

 [Copy chart](#)

41 responses

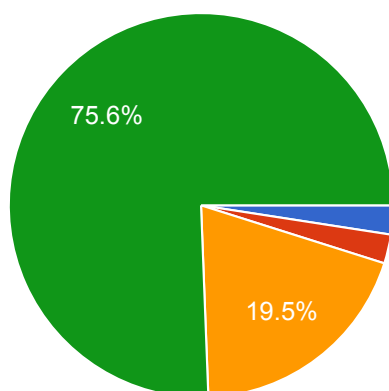

- Can code it, developed a related methodology
- Apply it in my research
- Understand the theory, but didn't apply or developed it
- Only know some theory, but not in depth, didn't apply it

Please describe your experience with the quasi-classical doorway-window approximation for on-the-fly simulations of time-resolved nonlinear spectroscopy.
